Painting Pipe 001 0-BAR-EFA.384

On September 18, 2014, Scott Yeager, ABF, sent an email stating that CCO 384 work behind the IB barriers of the EB and WB bridges is nearing completion, and currently, the WB IB from PP128-80 is only lacking the pipe labels. He said that this section will be stenciled on 9/19 and a Final inspection being requested soon thereafter.

Note: Scott Y. was informed on 9/23/2014 that I would inspect the work on either 9/24 or 9/25 and buy off the work as appropriate.
